(Supplement No. 26, Update 2) \ PART II CODE OF ORDINANCES—GENERAL ORDINANCES \ Chapter 2 ADMINISTRATION\* \ ARTICLE II. COUNCIL\* \ DIVISION 1. GENERALLY \ Sec. 2-39. Councilmember expense accounts; council district appropriations; funding.**

- (a) The chief financial officer is authorized and directed to establish within the city's standard chart of accounts, within the category of other current operating expenses, an expense account entitled "councilmember expense." The account shall be charged for expenses relating to official city business of the councilmember, to include but not be limited to business travel; convention and training; newsletter and other publication or correspondence production and distribution; office and operating supplies; service, maintenance or repair contracts; and subscriptions to publications. Should councilmembers desire to utilize a portion of their expense accounts to fund projects for the public good within their districts or citywide, they may by ordinance establish a separate account from which to fund such projects which are outside the scope of regular office expenses. At-large councilmembers may utilize funds from said accounts for projects in any district within the city.
- (b) For appropriations to each council district and post, the respective councilmember representing the district or post shall be deemed to be the equivalent of a department head within the context of authority over the funds appropriated to the center designated for the district or post and shall have authority to draw against and transfer among accounts within such center in conformity with this Code and administrative provisions, with the exception of the salaries permanent part-time and benefits accounts. Appropriations for salaries permanent part-time and benefits shall only be expended as compensation and benefits for council assistants and are restricted from transfer to any other account. All other expenditures within the center shall be charged against the appropriate expense account in the city's chart of accounts. Notwithstanding the foregoing, the prohibition against transferring allocations from a councilmember's cost center shall not apply to transfers from any line item in that councilmember's cost center to an operating department.
- (c) Subsections (a) and (b) of this section notwithstanding, the chief financial officer is authorized to ensure that funds required for salary and benefit costs shall be encumbered in such accounts and that no encumbered funds so required shall be spent for any other purpose.
- (d) If any councilmember incurs expenses or obligations in excess of the sums appropriated for the member's use in any calendar year, the appropriations for such councilmember for the succeeding year shall be reduced by the amount of any such overage. If such councilmember shall not be serving in office in the succeeding year, such excess expenses or obligations shall be immediately reimbursable to the city.
- (e) The mayor and the chief financial officer are authorized to carry forward, as appropriations payable, from one fiscal year to the next, within a four-year term of office, unexpended funds in appropriations to the cost centers established for individual councilmembers.
